

Hi Rudy and Nadia,

I wanted to reach out to you and provide an exciting update. We have just gone live with a brand new monthly update that provides information targeted towards pharmacy providers. Our first issue was just released and Apothecare of South Shore has been named the first ever Northeast Region Top Pharmacy. This is a really exciting piece of news, and has been shared with our entire network including tens of thousands of pharmacies. I wanted to make sure you saw this newsletter, so I have attached a link to the newsletter below.
